Objective

Motivated and detail-oriented BCA graduate with strong knowledge of Core Java, OOPs, SQL, and web development. Seeking an entry-level Java Developer role to apply technical skills, build real-world applications, and contribute to a dynamic organization.

Experience

QSpiders, Karol Bagh

Full Stack Java Development Trainee Intern

- Training in full stack development including core Java, OOPS, JDBC, Servlet, Hibernate, JSP, Advance java(currently learning) and front-end technologies like HTML, CSS, JavaScript, React(currently learning).
- Building end-to-end applications integrating UI, business logic, and MySQL database connectivity.
- Working with Version Control Git, Debugging Tools, and SDLC Practices to develop maintainable software.
- Exposure to frameworks such as Spring Boot and ReactJS for scalable application development.

Technical Skills

- **Languages:** Java, Advance Java (currently learning)
- **Core Concepts:** OOPs, Exception Handling, Collections Framework, Basic DSA
- **Web Technologies:** HTML, CSS, JavaScript, React (currently learning)
- **Database:** SQL (Queries, Joins, Constraints), Oracle SQL, PostgreSQL
- **Tools & IDEs:** Eclipse, VS Code, Android Studio,
- **Soft Skills:** Problem Solving, Teamwork, Time Management, Adaptability, Communication

Projects

Student Result Management System (2025)

- **Developed** a Java-based application to manage student records, subjects, and results.
- **Implemented** CRUD operations using Core Java, OOP concepts, and JDBC for efficient database handling.
- **Designed & integrated** result calculation, input validation, and record retrieval using SQL queries.
- **Created** a clean, user-friendly console interface to enhance usability.
- **Impact:** Helped automate result processing and reduced manual errors.
- **Tech Stack:** Java, JDBC, SQL, Eclipse

Quiz Application (Core Java Project)

- **Developed** an interactive console-based quiz application using Object Oriented Programming principles.
- **Implemented** question storage, answer validation, scoring logic, and result display for seamless functionality.
- **Added** multiple-choice questions, replay op on, and structured program flow using classes and objects.
- **Impact:** Enhanced learning engagement through interactive quizzes.
- **Tech Stack:** Core Java, OOPs, Collections

Education

Maharshi Dayanand University

Jun 2022 – Jun 2025

Bachelor of Computer Applications (BCA)

Rainbow English Senior Secondary School

Mar 2021 – Mar 2022

Senior Secondary (12th)

Rainbow English Senior Secondary School

Mar 2019 – Mar 2020

Secondary (10th)
